LOCAL & GENERAL NEWS.

Music at the Yosemite Rink this
evening.

No band concert at Emma Square
this afternoon.

The schooner Jennie Walker is
expected back from Jaluit within
two weeks.

IMPORTANT news from the East
may be expected by the Australia
this afternoon.

By His Majesty's permission the
King's Own military company will
hereafter drill in Upton's tactics.

Messrs. B. F. Ehlers & Co. an-
nounce an opening of an entire new
stock of dry and fancy goods on
Monday next.

Mr. H. Barber, formerly of the
Saratoga House, has opened a chop
house on Queen street near the
Yosemite rink.

ANOTHER attempt is to be made to
form a Printers' Union. It is said
a conclave of typists will be held to-
morrow, with that object.

Mr. A. Marchand, pianist of the
Farini Opera Company, says he will
return to Honolulu in a few months,
probably to give piano lessons.

The Police Court record to-day
consists mostly of *not. pros.'s*, dis-
charges and remands. E. Fitz-
gerald was fined \$6 for drunkenness.

Mr. David Moehonua, a clever
young Hawaiian, goes to the Coast
to study consular routine in the
office of Consul-General McKinley
in San Francisco.

Mr. W. G. Irwin leaves Mr. W.
M. Giffard in charge of the general
business of the firm, and Mr. Frank
P. Hastings in charge of the bank,
during his absence at the Coast.

PROVIDED no reasons to the con-
trary are given, the Minister of the
Interior will, on the 14th of January
next, grant a petition of the Hono-
lulu Ice Works Co. to be dissolved.

We regret to learn that Mr. Con-
rad Menke, of Hunaia Sheep Sta-
tion, Hawaii, committed suicide on
or about the 28th. Further particu-
lars of the sad affair have not
yet come to hand.

SENHOR de Souza Canavarro, Por-
tuguese Commissioner, was sere-
naded by the Royal Hawaiian Band
this morning, in honor of the forty-
seventh anniversary of the birth of
the King of Portugal.

PEOPLE residing near Makiki
parade grounds complain that horses
turned out at night to graze enter
private gardens and destroy valu-
able plants and flowers. One gen-
tleman threatens to shoot the horses
with a dozen of McKibbin's anti-
bilious pills.

Mr. Geo. Beckley, purser of the
Kinan, reports everything lovely to
Windward, the Volcano being ex-
ceedingly active and tourists enjoy-
ing the trip hugely. The Kinan left
Keauhou yesterday morning at nine
o'clock, called at seven ports and
arrived at Honolulu early this fore-
noon.

The monthly business meeting of
the Strangers' Friend Society will
be held on Monday, November 2nd,
at 11 o'clock A. M., in the Y. M. C. A.
parlor. This meeting is not intended
for the officers only, but for all
members; and also to afford oppor-
tunity for application for help for
the needy, whose cases come under
the need of this organization.

The Hawaiian Board of Missions
held a meeting yesterday afternoon.
It was determined to send a tele-
gram from San Francisco to the
American Board apprising that body
of the return of the mission steamer,
and also to despatch the Morning
Star on her next voyage to the Caro-
lines as soon as she can be got ready.
It is expected that the steamer will
be ready to sail in ten or fifteen
days.

AFTER two days' rest the Royal
Australian Circus invites the public
within its unguarded tent. There
will almost certainly be a great
thrill present, for it is a long time
since any company has catered so
successfully to the amusement of
our people. It is remarked on all
hands that this troupe's perform-
ances have been far ahead of their
promises. Certainly, many of the
acts given are peerless in the annals
of the ring. King Kalakaua is ex-
pected to be present to-night.

His Majesty has presented Mr. W.
M. Giffard, Secretary of the Hono-
lulu Rowing and Yachting Associa-
tion, with a handsome solid silver
cup, to be competed for by the row-
ing clubs. It must be won three
years in succession by the same club
to become its property. This prize
is likely to excite more emulation
among the aquatic fraternity than
money prizes. Another thing, the
cup is *there*, as it were, unlike the
one won by the Marine Railway
crew a few years ago and never
delivered. It is on exhibition at
the store of Messrs. J. M. Oat & Co.

The Rev. Dr. Taylor and wife, of
Wakefield, Yorkshire, England, who
arrived here from the Colonies and
the Southern groups by the steam-
ship Raiatea a fortnight ago, left on
their homeward journey by the Ala-
meda to-day. They paid a visit to
the Volcano this week, and enjoyed
the grand sight very much. In con-
versation with one of our staff, the
venerable divine expressed his sur-
prise at the scant variety of fruit
growing in such a favorable climate
as this. He has a very high opinion
of the future of New Zealand, be-
lieving it will reach a stage of mag-
nificent prosperity within a century.
Dr. Taylor offered to prolong his
visit to this group and render assist-
ance to the Anglican clergy here,
but the Bishop did not deem it ex-
pedient to accept the offer, owing to
an unsettled state of affairs presently
existing in the diocese.

Mr. and Mrs. J. T. White present
their compliments to their many
friends in Honolulu, and announce
that they will give an entertainment
at the Yosemite skating rink, Queen
street, on Tuesday evening, Novem-
ber 3rd, previous to their departure
on the W. H. Dimond for San Fran-
cisco. They will be glad to have
their friends meet them there with
parting alohas for a few months.
As their late home, the White House,
spacious as it is, might be over-
crowded, Mr. Wall has kindly
placed at their disposal his beautiful
rink for the occasion. They trust
their friends will accept this invita-
tion, which is extended most heart-
ily. There will be music, skating,
dancing and a general free and easy
evening. Refreshments served at
11 o'clock. Come one! Come all!
The Hawaiian Band has been en-
gaged. Programmes will be fur-
nished.

FIRE ON A VESSEL.

About a quarter to four o'clock
this morning a fire alarm was sound-
ed from the Central Tower, and taken
up by the bell on the China Engine
House a little later. There was a
great running to and fro by fire
companies, and citizens on foot and
in carriages, for a good while before
the locality of the fire could be as-
certained. At length a commotion
was noticed on board the schooner
Emma lying out in the stream, off
the Fish Market, and shortly a
wreath of smoke was seen curling
up from her fore-castle. Then some
time was consumed in deciding how
to reach the fire with the hose.
Eventually a branch from Mechanic
Engine was sent out in a scow, the
schooner at the same time being
warped in nearer the docks. An
effective stream soon put the flames
out. Before that was accomplished,
however, the fire had licked its way
through the inner and outer plank-
ing, making two holes in the latter,
and had completely destroyed the
bunks. The Emma is the property
of Mr. H. Macfarlane, and was fully
insured. A survey will be held on
Monday, when the extent of the
damages will be ascertained. There
is nothing definitely known as to the
origin of the fire, but there is a su-
position that it may have been caused
by sparks from the limekiln. There
was nobody on board the craft, she
having been laid off and stripped of
apparel some days ago.

BENEFIT TO MR. THROWER.

The benefit last evening to Mr.
Charles Throver, who is probably
the most popular member of the
Farini Opera Company, was miser-
ably attended. Scarcely forty per-
sons, including the holders of com-
plimentary seats, were present. The
concert itself was upon the whole a
very enjoyable occasion to those in
the auditorium. All of the singers
seemingly were blind to the beggary
array of empty benches, and did
their utmost to please their auditors.
Miss Hopf and Messrs. Throver and
Marchand were severally presented
with handsome bouquets at different
stages of the programme. Miss
Hopf created much enthusiasm in
the little audience by her singing of
"Aloha Oe," and Mlle. Zora was
heartily applauded for her efforts on
each occasion of her appearance.
Portions of her numbers were char-
acterized by a high degree of musical
execution. Miss Helen Avery has
grown in favor since her first appear-
ance here, but her voice is undoubt-
edly too thin for a large hall. In
"The Bend of the River" last
evening, she was rather slighting of
some of her notes, but later on did
better in a more difficult piece, the
flower song from "Faust." Signor
Farini, in the closing number, "The
Fisherman," produced perhaps the
best specimen of his vocalism in
this city, by the harmonious blend-
ing of his voice effected in duet
with Mr. Throver. It was really a
happy set-off against the impression
the organizer of the troupe made
upon his early appearances. In the
first part of the programme, it
would be blamable not to mention,
Mr. W. Morse, a local amateur,
sang in a fine baritone and very
acceptably, "Oh, were I but a
moonlight ray!"

DEPARTURE OF THE ALAMEDA.

Honolulu society was well rep-
resented on the Oceanic wharf at noon
to-day, to bid good-bye to departing
old acquaintances and visitors.
Among those staying at home who
were there, may be mentioned His
Majesty the King and his Chamber-
lain, Hon. C. H. Judd, and Gov-
ernor Dominis and Premier Gibson.
A remarkably varied company of
passengers were on deck, many of
them decorated with leis. It was
affecting to see a prominent insur-
ance agent bestowing farewell floral
tributes upon the gentle schoolstresses
of the Farini opera troupe. So ex-
tensive a range of "persuasions" is
covered by the passenger list, that,
if the steamer should be cast upon a
desert island, almost all the insti-
tutions of civilization could at once be
established in the colony that would
be formed. There is a Doctor of
Divinity to "point to heaven and
lead the way;" an ex-Premier, to give
them a constitution and politics; a
Chief Justice, to administer law and
equity; a banker, to furnish a cir-
culating medium; a troupe of
musicians, to provide amusement; a
sailmaker, to help them take wing
when the territory became over-
crowded, and, doubtless, many other
useful arts and industries are "there"
for other services if occasion re-
quire. The Royal Band played a
fine "aloha" programme, closing
with "Home, Sweet Home," "Auld
Lang Syne," American national airs
and "Hawaii Ponoi." Elsewhere
will be found the freight and pas-
senger list. The mail despatched
from the Post-office comprised 4,525
letters and 1,278 packages news-
papers. There was a good run on
the BULLETIN news summary for this
mail.

STATEMENT.

THE undersigned, a Committee of Di-
rectors of the Equitable Life As-
surance Society of the United States,
appointed to formulate the views of the
Board on the advantages offered by the
Society to the public, report:—

1st—The Society issues all the approv-
ed forms of assurance, including Ordina-
ry Life, Endowment and Tontine po-
licies. It is immaterial to the Directors
which form of policy is taken by in-
tending assurers.

2d—The Life and Endowment forms
of policy provide for annual cash divi-
dends and a surrender value; are indis-
putable after three years and payable
immediately after proof of death.

3d—The premiums on a Tontine po-
licy are the same as on the Ordinary
Life, but while the latter is only pay-
able in the event of death, the holder of
the Tontine policy has the right to draw
the whole of the reserve and the accumu-
lated profits in cash at the end of a
stated period; thus, during his own life-
time, after his producing years are past,
he can, without any larger premium
than on an ordinary policy, secure these
greater advantages.

4th—Experience shows that the return
paid in cash on maturing Tontine po-
licies approximates to or exceeds the
amount of premiums paid by policy-
holders, so that the average cost of the
assurance will be only about the interest
on the premiums.

5th—Tontine policies, like others, are
paid in full in the event of death at any
time during the term of the policy, and
are incontestable after three years, and
payable immediately after due proof of
death.

6th—"Experience" shows that the mor-
tality is lower among Tontine policy-
holders, as the better lives seek this
kind of assurance, which is a consid-
erable source of profit.

7th—Tontine policies will be made
non-forfeitable under the laws of the
State, if so desired at the time the as-
surance is effected.

8th—The Tontine system is fair and
just; its accounts are accurately kept,
separate from all other business; the
funds judiciously invested and improv-
ed, and the accumulated profits faith-
fully guarded and properly apportioned.

9th—The Society has since its organi-
zation transacted a larger amount of
new business than any other company,
while its new business for the first half
of the present year is \$1,750,000 larger
than that of the first half of 1884. It
has Assets of \$60,000,000; over \$14,000,-
000 of Surplus, and its ratio of Surplus
to Liability is greater than that of any
other company.
